8.6. AT&T BUSINESS LONG DISTANCE SERVICE (continued)

1. Minimum Usage Charge

A Minimum Usage Charge applies, except as specified below, to each AT&T Business Long Distance Service Main Billed Account having one or more local exchange service switched access lines subscribed to AT&T as the primary interexchange carrier. The Minimum Usage Charge is equal to the difference between the Customer Account Minimum Monthly Charge specified below and the actual charges for AT&T tariffed services billed to the Customer's AT&T Business Long Distance Service Main Billed Account when the actual charges incurred for the billing month are less than the Minimum Usage Charge.

A. Application of Minimum Usage Charge

The Minimum Usage Charge applies when the Customer's total intrastate, interstate and international monthly charges for all AT&T tariffed services billed to the Customer's AT&T Business Long Distance Service Main Billed Account are less than the Minimum Usage Charge specified below.

The Minimum Usage Charge does not apply when the Customer's total intrastate, interstate and international monthly charges for all AT&T tariffed services billed to the Customer's AT&T Business Long Distance Service Main Billed Account are equal to or exceed the Minimum Usage Charge specified below.

When an identical Minimum Usage Charge is in effect in an AT&T intrastate tariff, the applicable Minimum Usage Charge will be applied separately under the AT&T intrastate tariff in lieu of the Minimum Usage Charge specified herein. There are no AT&T intrastate tariffs containing an identical Minimum Usage Charge at this time. However, when an identical Minimum Usage Charge is provided in an AT&T intrastate tariff, this tariff will provide an availability list.

The Minimum Usage Charge does not apply when all of the Customer's lines billed to the Main Billed Account are served by a non equal access serving office.

The Minimum Usage Charge does not apply when all of the Customer's lines billed to the Main Billed Account are classified as Customer Owned Coin Operated Telephone (COCOT) Service.

8.6. Rates (continued)

8.6.A. Minimum Usage Charge (Cont'd)

The Minimum Usage Charge does not apply when the AT&T Business Long Distance Service Main Billed Account is furnished to the Customer for less than a full billing month due to the Customer establishing or discontinuing such Main Billed Account during a monthly billing cycle, except as otherwise expressly provided in this tariff.

Minimum Usage Charge is accrued in full as of the first day of the billing cycle in which service is furnished. Therefore, the Minimum Usage Charge is not subject to pro-rating, if service is disconnected prior to the end of a billing cycle.

MINIMUM USAGE CHARGE

- per Main Billed Account \$16.95

Example: if the charges billed to the Customer's Main Billed Account are less than \$100.00, the Customer will be billed the actual charges incurred plus the Minimum Usage Charge. If the actual charges billed to the Customer's Main Billed Account are \$100.00 or greater, the Minimum Usage Charge does not apply.
